Dealers,

We realize you sometimes have a need for a generator to be shipped immediately. To better improve our service to you, we have increased our personnel in production and shipping and can now offer you shipping on generators within 24 hours of receipt of your purchase order.

Our hours of operation are Monday thru Friday, 8am to 5pm. Any Friday orders need to be faxed to us by 10:00am EST in order to be shipped before the weekend. Our goal is to have stock available to you at all times without a one or two week lead time.

If I can be of assistance to you, please feel free to call me.

Thank you,

A handwritten signature in black ink that reads "Bill Mowery". The signature is written in a cursive style with a large, sweeping initial 'B'.
